

About Us

In 2003, our family opened Mocha Moment at the corner of State and Center where I've served drinks since the opening day. Our family business made me realize that I wanted to be self-employed, and I've always enjoyed "doing hair." Upon graduation from Parker, I earned my cosmetology license from Janesville Academy of Cosmetology, and then interned at Studio 107. On Wednesday, February 25, I opened *Villa Decoris* (Latin for "House of Beauty") next to Mocha Moment on our family business corner. Couched in a warm atmosphere, we are a classy, full service salon.
